SUMMER READING
IN THE
MAGIC TREE HOUSE®

Dear Reader, I always say that reading and imagination can take you all over the world. Now, with Magic Tree House and the Barnes & Noble Summer Reading Program, the greatest summer vacation of all might be the one you take in your own backyard.

The magic of reading has been an important part of my life for as long as I can remember. Three of my favorite books as a child were *The Long Winter* by Laura Ingalls Wilder, *The Secret Garden* by Frances Hodgson Burnett, and *The Wind in the Willows* by Kenneth Grahame. Reading them was like opening a window to times and places that were different from anything I'd ever seen in real life.

I'll always remember how important these stories were to me as a child. And now, as a writer, I love the idea that the Magic Tree House series is important to *you*. That's why I'm so thrilled that the Summer Reading Program gives young readers the chance to earn a free book. You might even win a signed copy of a Magic Tree House book.

Thank you so much for joining Jack and Annie on this summertime adventure. Just remember that no matter where you spend your vacation, reading has the power to take you far, far away.

Best wishes,

Mary Pope Osborne
